Subj: FLWG SAREVAL 2-3 Mar 2012

ALCON,

I will not be attending this event as a staff member, but I would think that N159CP will. N159CP will need crew and I would much prefer it be our pilots and therefore for those pilots who want to crew let me know. I would assume that they will want pilots in all 3 seats like was planned for the SAREVAL at Marco. N159CP will fly up on March 3<sup>rd</sup> and return same day.

Also other ground personnel can volunteer to become part of the SAREVAL staff. Please let me know first and I will send the names to Major Garman. The van will be available for transportation, with fuel paid for.
